EMERGENCY AMENDMENTS TO THE DEPARTMENT OF PUBLIC LANDS
TEMPORARY OCCUPANCY RULES AND REGULATIONS

EMERGENCY ADOPTION AND IMMEDIATE EFFECT: The Department of Public Lands (DPL) finds that:

the attached Amendment to its Temporary Occupancy Rules and Regulations shall be adopted immediately on an emergency basis because the public interest so requires, for the reasons stated below. 1 CMC § 9104(b), (c) and 1 CMC § 9105(b)(2).

AUTHORITY: This amendment is promulgated under the authority of DPL pursuant to 1 CMC § 2806 to develop administrative policies, procedures, and controls related to public land.

The Administrative Procedure Act provides that an agency may adopt an emergency regulation upon fewer than 30 days' notice if it states its reasons in writing:

If an agency finds that the public interest so requires, or that an imminent peril to the public health, safety, or welfare requires adoption of a regulation upon fewer than 30 days' notice, and states in writing its reasons for that finding, it may, with the concurrence of the Governor, proceed without prior notice or hearing or upon any abbreviated notice and hearing that it finds practicable, to adopt an emergency regulation. The regulation may be effective for a period of not longer than 120 days, but the adoption of an identical regulation under subsections (a)(1) and (a)(2) of this section is not precluded.

No regulation adopted is valid unless adopted in substantial compliance with this section.

1 CMC 9104(b), (c).

TERMS AND SUBSTANCE: DPL's Temporary Occupancy Rules and Regulation currently prohibit assignment of leases less than five years from date of execution and within five years from date of expiration. The purpose of this regulation is to prevent speculative practices and to maintain long-term investments in public lands. However, these purposes can still be achieved by prohibiting assignment of leases within two years of lease execution or expiration. In addition, assignment is necessary to avoid cancellation or termination of public land leases in hard economic times. Revising the regulation will continue to prohibit assignment of leases less than two years from date of execution or within two years from date of expiration but allow assignment at other times in the lease term.

CITATION OF AFFECTED REGULATIONS: The amendment will revise existing language in the following regulation:

NMIAC § 145-70-110 Lease Agreement Requirements

ADOPTION OF EMERGENCY REGULATIONS FOR 120 DAYS: The Department of Public Lands (“DPL”) has followed the procedures of 1 CMC § 9104(b) to adopt these Proposed Regulations on an emergency basis for 120 days.

REASONS FOR EMERGENCY ADOPTION: The Department of Public Lands (DPL) finds that the public interest requires adoption of these Amendments to the Temporary Occupancy Rules and Regulations on an emergency basis, for the following reasons:

1. The public interest requires DPL to take immediate action to avoid the abandonment of leased public lands by lessees who can no longer comply with the terms of their public land leases but who could, but for the restriction in DPL’s regulations prohibiting assignment, maintain productive use of the public land by assignment to a new lessee. Avoiding abandonment of leased public lands will avoid a decrease in the asset value of DPL’s public land; avoid the increased costs to DPL of maintaining and providing security for its public lands while a new lessee can be identified by DPL; avoid a decrease in the value of surrounding real property; continue to generate revenue for DPL that is remitted to the Marianas Public Lands Trust for investment for the benefit of the Commonwealth; continue to generate business gross revenue to the Commonwealth; and retain jobs in businesses operated in the leased public lands.
2. In addition, if the infrastructure on public lands is allowed to deteriorate following abandonment, persons entering public lands could be exposed to dangerous toxins such as mold; the abandoned structures may present an attractive nuisance to the community; the proliferation of vacant and abandoned buildings could lead to an increase in crime, including theft and vandalism; and the lack of maintenance of the infrastructure and of equipment containing hazardous materials could lead to environmental contamination and risks associated with insect and vermin infestations. This presents an imminent peril to the public health, safety, and welfare.

DPL shall take appropriate measures to make these Rules and Regulations known to the persons who may be affected by them (1 CMC § 9105(b)(2)).

IMMEDIATE EFFECT: These emergency rules and regulations become effective immediately upon filing with the Commonwealth Register and the mailing under registered cover of copies thereof to the Governor. (1 CMC § 9105(b)(2)) DPL has found that this effective date is required by the public interest or is necessary because of the public interest so requires, and that an imminent peril to the public health, safety, or welfare requires adoption of a regulation upon fewer than 30 days’ notice. (*Id.*)

The attached emergency regulations were approved by DPL on June _____, 2024.

**PUBLIC NOTICE OF PROPOSED AMENDMENTS
TO THE ADMINISTRATIVE HEARING PROCEDURE RULES AND REGULATIONS**

NOTICE OF INTENDED ACTION: The Commonwealth of the Northern Mariana Islands, Office of the Governor, Department of Public Lands (DPL) intends to amend the Administrative Hearing Procedure Rules and Regulations pursuant to the procedures of the Administrative Procedure Act (APA), 1 CMC § 9104(a) to clarify the role of the Secretary of DPL in the administrative hearing process.

AUTHORITY: These amendments are promulgated under the authority of the Department of Public Lands pursuant to 1 CMC § 2806 to develop administrative policies, procedures, and controls related to public land.

TERMS AND SUBSTANCE: Public Law 12-33 established within the Executive Branch an independent Board of Public Lands, and established an Office of Public Lands headed by a Public Lands Administrator under the control and general supervision of the Board to execute, implement, and enforce the policies, decisions, orders, rules, and regulations of the Board. The Administrative Hearing Procedure Rules and Regulations adopted December 21, 2001 provide an administrative hearing process for the Office of Public Lands. NMIAC § 145-10-005. However, PL 15-2 changed all references in the Commonwealth Code from the Office of Public Lands to the “Department of Public Lands,” and changed all references in the Commonwealth Code from the Board of Public Lands to the “Secretary of Public Lands.” The Administrative Hearing Procedure Rules and Regulations have not been updated since that time. These proposed amendments state the authority of DPL; update the definitions and terms used throughout to those used in PL 15-2; and establish that the hearing officer decision is the final agency action of DPL.

CITATION OF AFFECTED REGULATIONS: The proposed amendments will revise existing regulatory language in the following regulations:

NMIAC § 145-10-115	Appeal to the Board of Public Lands
NMIAC § 145-10-120	Appeal of the Board of Public Lands Decision

DIRECTIONS FOR FILING AND PUBLICATION: The proposed amendments shall be published in the Commonwealth Register in the section on proposed and newly adopted regulations (1 CMC § 9201(a)(1)) and posted in convenient places in the civic center and in local governmental offices in each senatorial district, both in English and in the principal vernacular (1 CMC § 9104(a)(1)).

On April 11, 2024, the undersigned issued an Order for the parties to submit a status report informing the hearing office of the completion of payments or ongoing issues as to why the case should not be dismissed. Based on the Status Report and Supplemental Status Report filed by Respondent,¹ the undersigned finds:

1. The agreed upon settlement amount was fully paid to Complainant; and
2. There are no other issues to resolve.

Accordingly, the case is hereby **DISMISSED** with prejudice, pursuant to NMIAC § 80-20.1-485(b).² Any person or party aggrieved by this Order may appeal by filing the Secretary Appeal Form and filing fee with the Administrative Hearing Office within fifteen (15) days from the date of this Order.

So ordered this 30th day of April, 2024.

Upon review of the pleadings, Complainant was ordered to show cause why the complaint should not be dismissed for failure to state a claim. For the reasons discussed below, the undersigned finds dismissal appropriate.

Pursuant to 3 CMC § 4947(a), “the hearing office may, after notice and an opportunity to be heard is provided to the parties, dismiss *sua sponte* a complaint that the hearing officer finds to be without merit.” Pursuant to NMIAC § 80-20.2-130(c), dismissal is warranted on the following grounds: (1) lack of jurisdiction over the subject matter; (2) lack of jurisdiction over the person; (3) insufficiency of process; (4) insufficiency of service of process; and (5) failure to state a claim upon which relief can be granted. *See also* NMIAC § 80-20.1-485(b).

On April 15, 2024, Complainant filed a complaint against Respondent. The complaint does not allege a violation of unpaid wages or a violation of the employment preference laws. Instead, Complainant disputes being terminated for cause without written notice. Additionally, Complainant alleges unfair treatment and being kicked out of hotel accommodations. On April 18, 2024, Respondent filed an answer with supporting documents. Respondent disputes certain facts. First, Respondent provides that Complainant was terminated after receiving two verbal warnings and a written warning for inappropriate and disruptive behavior in violation of company policy. Second, Respondent provides that the Complainant was asked to vacate the hotel

accommodation for failure to pay for his room. Upon review of the pleadings, Complainant was ordered to show cause why the case should not be dismissed for failure to state a claim in which relief can be granted.¹ The Complainant did not file a response to the Order to Show Cause.

Upon further review of the pleadings, the undersigned finds that the facts alleged do not rise to the level of a violation in law. First, with respect to the termination, Complainant does not allege any unlawful grounds for termination.² Further, even if the Complainant alleged unlawful termination, there is no showing that the Administrative Hearing Office is the appropriate avenue for relief. Second, with respect to notice, Complainant fails to allege a violation of notice requirements protected by law.³ And third, with respect to the alleged housing issue, there is no showing that Complainant was entitled to stay in the hotel without pay or that being asked to vacate was otherwise unlawful. Ultimately, Complainant fails to allege sufficient facts to demonstrate a violation of law within this Office's jurisdiction.

Accordingly, the undersigned finds Complainant fails to state a claim upon which relief can be granted. Further, upon reasonable notice and an opportunity to respond, Complainant fails to show cause why the complaint should not be dismissed. Based on the applicable law and available information, this matter is hereby **DISMISSED**.

Any person or party aggrieved by this Order may appeal by filing the Secretary Appeal Form and filing fee with the Administrative Hearing Office within fifteen (15) days from the date of this Order.

So ordered this 14th day of May, 2024.

JACQUELINE A. NICOLAS
Chief Administrative Hearing Officer

¹ The Order to Show Cause was issued and electronically served to both parties on April 24, 2024 at the contact information provided by the parties.

² Generally, the CNMI follows the doctrine of "at-will employment" and both employers and employees can terminate the employment relationship at any time, with or without cause, as long as the grounds for termination are lawful. CNMI employers can terminate employment for just cause, which includes employee misconduct, poor performance, insubordination, violation of company policies, breach of contract. Termination is also permitted for economic reasons or business discretion.

³ Generally, CNMI law does not impose notice requirements for terminating an individual person. Instead, notice requirements are required for mass reductions in force and closures.

This matter came for an Administrative Hearing on April 15, 2024 at the Administrative Hearing Office in Saipan. During the hearing, the Department moved to dismiss the appeal because it was issued in error and made moot by a subsequent determination for the same time frame. In consideration of Appellant's nonappearance and in order to give Appellant an opportunity to be heard, the Department was ordered to file and serve their motion in writing.

On April 19, 2024, the Department filed a motion to dismiss. Therein, the Department argued that the April 24th Determination on appeal is moot because the Department issued a subsequent determination on May 10, 2023. The May 10th Determination denied eligibility for a different reason, for a larger time frame, inclusive of the time frame under the April 24th Determination. Moreover, the basis for denial in the May 10th Determination was resolved in a previous appeal. The Appellant did not file a response.

In consideration of the foregoing, the undersigned finds there are no other issues to resolve and dismissal is appropriate. Accordingly, this appeal is **DISMISSED**. In the event that the Appellant disagrees with a subsequent determination or notice, Appellant may file a new appeal.

So ordered this 1st day of May, 2024.

**ADMINISTRATIVE DECISION
GRANTING DEPARTMENT'S MOTION
TO DISMISS**

This matter came for an Administrative Hearing on April 25, 2024 at 9:00 am at the Administrative Hearing Office in Saipan. During the Hearing, Appellant indicated he no longer wanted to pursue the appeal and the Department intended to issue an Amended Notice of Overpayment for a full waiver. The parties were given additional time to prepare the amended notice and stipulated motion to dismiss.

On May 17, 2024, the Department filed a Motion to Dismiss and the Amended Notice of Overpayment.¹ Based on the matters discussed at the hearing and the parties' subsequent filings, the undersigned finds:

1. Appellant was not eligible for benefits from October 4, 2020 to December 12, 2020;
2. Appellant no longer disputes the Disqualifying Determination, dated May 1, 2023;
3. Appellant was mistakenly overpaid LWA benefits for week ending August 1, 2020 to August 8, 2020 in the amount of \$600.00;
4. Appellant is entitled to a "no fault" waiver for above-mentioned overpayment; and
5. Appellant has signed the Amended Notice of Overpayment and Waiver agreeing to the Department's findings.

¹ Notably, the parties did not submit a stipulated Motion to Dismiss because the Department has been unable to contact or locate Appellant. Appellant previously informed the Department that he was planning to depart the CNMI but did not provide details or other contact information.

RESOLUTION NO. 2024-05-001

Pesticide Use on Marijuana for Marijuana Producers

Pursuant to the authority conferred upon the Commonwealth of the Northern Mariana Islands Cannabis Commission (“Commission”) under 4 CMC § 53008 and otherwise, the Commission takes the following actions:

RECITALS

Whereas, the Commission has officially promulgated regulations necessary to facilitate commercial activity within the Cannabis industry of the CNMI; and

Whereas, the success of the industry relies upon the success and economic feasibility of individual actors therein in the production of clean and safe marijuana product; and

Whereas, the Commission prohibits the use of synthetic pesticides on cannabis and considers it a threat to the detriment of health and safety of the general public and the environment; and

Whereas, the Commission finds that natural, organic, and pesticide-free grown marijuana support consumer and product safety concerns; and

Whereas, the Commission finds that robust healthy plants naturally repel pests and diseases and that organic bio-stimulants improve a plant’s natural resistance (immune system) to pests and diseases, acts as a natural plant protection agent, and elevates a plant’s brix level; and

Whereas, there are no pesticides specifically labeled for the production of marijuana or hemp; and

Whereas, the Commission and the Division of Agriculture of Department of Lands and Natural Resources have not established an approved list of natural or organic pesticides for use on marijuana or hemp in the CNMI; and

Whereas, pesticides that are considered organic and/or the Organic Materials Review Institute (OMRI) listed products does not automatically make it approved for use on marijuana or hemp by the fact that many organic products have tolerances established by the U.S. Environmental Protection Agency for use on food crops and there are no established tolerances for marijuana; and

Whereas, the U.S. EPA, a registrar and regulator of pesticides who sets tolerances for food crops, has not completed a risk assessment of the potential health hazards posed by treating marijuana with pesticides and has not authorized the application of any pesticide specifically for use on marijuana because it remains a Schedule I narcotic under the Controlled Substances Act; and

Whereas, the U.S. EPA established a list of active ingredients that can be used in pesticide products that are exempt from the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) under the Minimum Risk Exemption regulations in 40 CFR 152.25(f) because it has determined that certain "*minimum risk pesticides*" pose little to no risk to human health or the environment; and

Whereas, the Commission adopted a *Guide List for Pesticides and Cannabis* of pesticide products that are exempt from a tolerance by the U.S. EPA intended for unspecified food crops and passed a pyrolysis test (purity/suitability for application); and

Whereas, the Commission finds it necessary for Marijuana Producers to gain expert knowledge on Integrated Pest Management practices and in the use of pesticides as a last resort; and

Whereas, the Commission determined that Marijuana Producers obtain producer certification from reputable cannabis training institutions which would support consumer confidence in the cultivation of clean and safe marijuana products; and

Whereas, the Commission encourages Marijuana Producers' feedback on this Resolution for Pesticide Use on Marijuana for Marijuana Producers for consideration in the formulation of pesticide regulations.

Henceforth, the Commission will develop its pesticide regulations for publication in the CNMI Registry.

Now, Therefore, Be it Resolved, that after consideration of the information provided in connection herewith and being satisfied therewith, the Commission, in accordance with 4 CMC § 53008, gives its consent and approval and states its non-objection as follows:

Pesticide Use in the Cultivation of Marijuana

The Commission, subject to its right to regulate the Cannabis industry through the ability to grant licenses for the production and sale of cultivated marijuana, and in exercising the powers necessary to enable the administration of the law and regulations, gives its consent and approval to the following actions:

1. Prohibited Use:
 - a) Synthetic pesticides, substances or chemicals on, near or around indoor or outdoor cultivated marijuana plants.
 - b) U.S. EPA listing of active ingredients eligible for "*minimum risk pesticides*" or the *Guide List of Pesticides and Cannabis* pesticide products:
 - i. After or past the first week of marijuana flower formation or bud development for indoor cultivated marijuana; or
 - ii. After or past the second week of marijuana flower formation or bud development for outdoor cultivated marijuana.

- c) Self-concocted or formulated and/or self-proclaimed natural or organic pesticide without prior written approval of the Commission and the Division of Environmental Quality of the Bureau of Environmental and Coastal Quality.

2. Allowable Use:
